

1
DOWNLITE INTERNATIONAL partners with Nikwax to provide responsibly sourced, fluorocarbon-free Nikwax Hydrophobic Down (NHD) to outdoor apparel and sleeping bag brands. Products made with NHD absorb less water and retain more loft than other DWR treatments on the market. NHD also demonstrates improved drying times and is non-persistent in the environment. (MSRP N/A) #39068 www.bulkdown.com, www.downlite.com

2
MOUNTAIN HARDWEAR's lightest alpine shell, this 2.5 layer jacket features Dry.Q Elite technology to expel excess moisture on tough ascents. It also features 40D

face fabric, superior mobility and a 3-way adjustable helmet compatible hood. Men's Weight - 12 ounces; Women's Weight - 11 ounces. (MSRP \$240) #26011 www.mountainhardwear.com

3
 Country Blend Veggies by **CACHE LAKE CAMPING FOODS** offers a delightful blend of peas, carrots, broccoli and cauliflower. Just add boiling water and allow to hydrate for 3-5 minutes for a quick vegetable side dish. (MSRP \$3.70/2 servings - \$6.70 /4 servings) #BRL207 www.cachelake.com

ICEBUG®

BRING ON THE DIRT

ICEBUG®

After three years of research, design and testing, the new standard in Trail, OCR and Orienteering shoes has arrived. Our ZEAL design combines stability, protection, comfort and ground feel in one amazing shoe. Built on our proprietary HGMS2* midsole, it wraps the foot like a glove and with two traction options (OLX® and RB9X®), this shoe will give you control and confidence on any surface.

See our entire Spring / Summer 2015 Collection of trail runners and casual shoes at **Booth #PV3000** and chill out with our special Swedish SnöCönes. Drop a few bucks in our donation box and help us raise funds (we'll match all donations) for the Utah Humane Society.
